## *Never Went Away*

As I look down & see you crying sadly drowning in your tears my instinct is to reach out to calm your deepest fears .. I am not far away in fact, I'm really just as near as I ever once was . I listen to you daily I hear your every prayer asking for my return shouting it's not fair. Just know I'm keeping my eye on you ever closely in all the things you do. I'm celebrating your success & comforting your sorrow . I'll be there when you need me today, right now & tomorrow . Believe me when I say, I know the pain is real at times & it seems unbearable . you might think you'll never heal but just remember to look up & talk to me each & every day I hear your every word because I never went away ..
